

WHY PD CONSTRUCTION

Built to the design intent.

Deep experience in millwork, framing, concrete and structural steel lets our team anticipate the finish from the first rough member.

Canyon Country, CA 91387

CSLB Lic. #972699

Licensed, bonded & insured

Building modern spaces without compromise.

RESIDENTIAL / COMMERCIAL

WHAT WE DO

Full-scope construction.

01 Preconstruction

Early budgeting, constructability review, scheduling and phasing before drawings are final.

02 General Contracting

Trade procurement, daily site supervision, quality control and complete closeout.

03 Construction Management

Owner-side budget, consultant coordination, reporting and documentation.

04 Self-Performed Expertise

Millwork, finish carpentry, framing, concrete and structural steel knowledge in house.

HOW WE WORK

One accountable team.

Direct principal access. Weekly schedule and budget visibility. Change orders priced before work proceeds. Punch-list completion backed by as-builts and warranties.

FROM FIRST CALL TO HANDOVER

A clear process.

01 Discovery

02 Preconstruction

03 Planning + coordination

04 Construction

05 Quality control

06 Completion + handover

Architectural residential and commercial work across Southern California.
